

Abdelrhman Abdelhamid Ahmed

Network Engineer | CCNP Enterprise | Microsoft Certified: Azure Network Engineer Associate (AZ-700) | Azure Administrator Associate (AZ-104) | Azure Networking | Windows Server | Python

abdelrahmanhamed447@gmail.com • +966567856133 • linkedin.com/in/abdelrahman-hamed-b51a583a9

Makkah, Jeddah, Kingdom of Saudi Arabia • Completed Military Service • github.com/abdelrahmanhamed447-boop

PROFILE

Network Engineer with CCNP Enterprise, Microsoft Certified: Azure Network Engineer Associate (AZ-700), and Microsoft Certified: Azure Administrator Associate (AZ-104). Hands-on experience in enterprise networking, routing and switching, Windows Server administration, Microsoft Azure, and identity management. Skilled in OSPF, EIGRP, BGP, MPLS, VLANs, STP, Active Directory, Microsoft Entra ID, Entra Connect Sync, Entra Cloud Sync, and Azure Policy. Experienced in network troubleshooting, Azure networking, VPN connectivity, load balancing, identity synchronization, dynamic groups, and cloud governance through practical labs and projects. Proficient in Python fundamentals for network automation and scripting, with a strong focus on Network & Cloud Engineering.

PROFESSIONAL EXPERIENCE

May 2022 – May 2024
Hurghada, Egypt

Network Engineer

Hurghada Border Guard Intelligence Office, Egyptian Army

- Maintained and monitored network infrastructure supporting critical operational systems and reliable connectivity.
- Performed network troubleshooting to identify, diagnose, and resolve connectivity and infrastructure issues.
- Maintained network availability and stable operations in a high-demand operational environment.
- Collaborated with team members to troubleshoot network issues and maintain reliable network connectivity.

ADDITIONAL EXPERIENCE (NON-NETWORKING ROLE)

Jun 2024 – Dec 2025
Aswan, Egypt

Safety Engineer

Enoia Utilities

- Reviewed operational processes to identify risks and recommend corrective actions.
- Developed and implemented safety and quality control procedures while supporting inspections and compliance activities

PROJECTS

Sep 2026 – Sep 2026

Microsoft Entra Identity, Synchronization & Azure Governance Lab

- Configured and tested Microsoft Entra Connect Sync and Microsoft Entra Cloud Sync for identity synchronization between on-premises Active Directory and Microsoft Entra ID.
- Managed Microsoft Entra ID users, security groups, dynamic membership rules, and Microsoft Entra ID P2 licensing.
- Configured Azure Policy assignments and compliance controls, including Allowed Virtual Machine Size SKUs.
- Tested Azure VM deployments against policy controls, analyzed policy-denied deployments, and validated Azure governance enforcement.

Aug 2026 – Aug 2026

Azure Enterprise Network Lab | Microsoft Azure

- Designed and deployed an Azure network infrastructure using Resource Groups, Virtual Networks (VNet), multiple Subnets, and Network Security Groups (NSG).
- Deployed and configured Windows Server Virtual Machines with private/public IP addressing and IIS Web Server.
- Configured Azure Load Balancer with backend pools, HTTP health probes, and load-balancing rules to distribute web traffic across virtual machines.
- Deployed Azure VPN Gateway and established Point-to-Site (P2S) VPN connectivity for secure remote access.

Jun 2026 – Jun 2026

Active Directory Infrastructure Lab | Windows Server 2025

- Designed and implemented a complete Active Directory environment using Windows Server 2025.
- Configured Domain Controller, DNS, Organizational Units (OUs), and user accounts.
- Applied Group Policy Objects (GPOs) for centralized security and user management.

Mar 2026 – Mar 2026

Network Path & OSPF Cost Simulator | Python

- Developed a Python-based network path simulator using Dijkstra's Algorithm to model OSPF path selection.
- Simulated network topologies and link-state routing scenarios to analyze path selection and routing behavior.
- Applied Python scripting to evaluate routing scenarios and support network path optimization.

Oct 2021 – Jan 2022

Smart Museum System | IoT Graduation Project

- Contributed to an IoT-based museum monitoring system integrating metal detection, flame detection, and infrared (IR) sensing.
- Designed and integrated the metal detector, flame detector, and IR sensor components to support sensor-based monitoring and automated alerts.

EDUCATION

Sep 2016 – Jan 2022
Cairo, Egypt

Bachelor of Engineering in Electronics and Communication Engineering

Modern Academy For Engineering & Technology | Cairo, Egypt

Sep 2016 – Jan 2022

- Graduation Project: Smart Museum — Grade: A+
- Overall Grade: Good

CERTIFICATIONS

- Microsoft Certified: Azure Network Engineer Associate (AZ-700)
- Microsoft Certified: Azure Administrator Associate (AZ-104)
- Cisco Certified Network Professional (CCNP) Enterprise — Combined Certification (ENCOR + ENARSI)
- Cisco Certified Network Professional (CCNP) Enterprise — ENARSI (300-410)
- Cisco Certified Network Professional (CCNP) Enterprise — ENCOR (350-401)

SKILLS

• TECHNICAL SKILLS

- **Routing & Switching**
- OSPF, EIGRP, BGP, IS-IS, MPLS
- VLANs, STP, VTP, DTP
- HSRP, VRRP, GLBP
- Network Design & Troubleshooting
- **Microsoft Azure / Cloud**
- Azure Virtual Machines
- Azure Virtual Networks (VNet) & Subnets
- Network Security Groups (NSG)
- Azure Load Balancer
- Azure VPN Gateway & Point-to-Site (P2S) VPN
- Azure Networking
- Azure Resource Management
- Azure DNS & Private DNS
- VNet Peering — Regional & Global
- Azure Application Gateway
- Azure Bastion
- **Microsoft Entra ID & Identity**
- Microsoft Entra ID
- Microsoft Entra Connect Sync
- Microsoft Entra Cloud Sync
- Identity Synchronization
- Identity Management
- User & Group Management
- Dynamic Groups
- Microsoft Entra ID P2 Licensing
- **Azure Governance & Security**
- Azure Policy
- Policy Compliance
- Azure Governance
- Azure VM Governance
- Allowed VM Size SKU Policy
- Policy Assignment & Testing
- **Windows Server & System Administration**
- Windows Server 2016 / 2019 / 2022 / 2025
- Active Directory (AD)
- Group Policy (GPO)
- DNS & DHCP
- User & Access Management
- Basic Virtualization & Server Management
- **NETWORK AUTOMATION**
- Python
- Network Automation & Scripting
- Network Path & OSPF Cost Simulation

SOFT SKILLS

- Problem Solving
- Analytical Thinking
- Communication
- Teamwork

COURSES

Aug 2026 – Aug 2026
Udemy

AZ-700: Azure Network Engineer Associate — Certificate of Completion (Udemy)

- Azure Virtual Networks (VNet) & Public IP Services
- Azure DNS & Private DNS
- VNet Peering — Regional & Global
- Point-to-Site (P2S) & Site-to-Site (S2S) VPN
- Azure Load Balancer & Application Gateway
- Azure Bastion

Jun 2026 – Aug 2026
Udemy

Microsoft Azure Administrator (AZ-104) — Certificate of Completion (Udemy)

- Microsoft Entra ID, Users & Group Management
- Azure Networking & Network Security Groups (NSG)
- Azure VPN & Azure Bastion
- Azure Storage Access Tiers & Redundancy
- Azure Resource Management

Jun 2026 – Aug 2026 Udemy	Azure Fundamentals (AZ-900) — Certificate of Completion (Udemy) • Cloud Computing & Cloud Service Models • Azure Architecture & Subscriptions • Azure Virtual Machines & Virtual Networks • Azure Cloud Concepts & Benefits
Apr 2026 – Jun 2026 Udemy	Microsoft Windows Server Administration 2025 — Certificate of Completion (Udemy) • Windows Server Installation & Configuration • Active Directory Domain Services (AD DS) & Group Policy (GPO) • DNS & DHCP Configuration • User, Group & Permission Management • File Server, Backup & Recovery, and Remote Desktop Services (RDS)
Mar 2026 – Mar 2026 Online	Python Fundamentals — Certificate of Completion (Codezilla) Codezilla channel • Python basics: variables, data types, loops, and functions • Basic scripting and automation tasks • File handling and problem solving
Jun 2024 – Aug 2024 Online	CCNP Enterprise ENARSI Training — Certificate of Completion • Layer 2 protocols, MAC tables, CDP & LLDP • VLANs, Trunks, DTP, VTP & Extended VLANs • HSRP, VRRP, GLBP & Inter-VLAN Routing • STP, RSTP, PVST+, Rapid-PVST & MSTP
Dec 2023 – Mar 2024 Online	CCNP Enterprise ENCOR Training — Certificate of Completion • OSPF, including single-area and multi-area configurations • BGP, Route Maps & routing policies • MPLS, MPLS Applications & IS-IS • EIGRP, SD-WAN Architecture & Basic Routing Automation
Mar 2023 – May 2023 Online	CCNA Training — Certificate of Completion • Networking Fundamentals, Subnetting, Routing, Switching, Basic Configuration & IPv6

TRAINING

Aug 2026 – Aug 2026 Udemy	Azure Network Engineer Associate (AZ-700) — Certificate of Attendance — 8 Hours
Jun 2026 – Aug 2026 Udemy	Microsoft Azure Administrator (AZ-104) — Certificate of Attendance — 80 Hours
Apr 2026 – Jun 2026 Udemy	Microsoft Windows Server Administration — Certificate of Attendance — 100 Hours
Feb 2022 – Mar 2022 Online	OSHA Construction Safety & Health — 30 Hours Elsafwa Training Center
Aug 2020 – Aug 2020 Online	Mobile Communications Fundamentals Mega-Academy • GSM, GPRS, EDGE, UMTS & CDMA
Jun 2019 – Sep 2019 Nasr City	Embedded Systems Fundamentals IMT SCHOOL
Aug 2018 – Aug 2018 Cairo, Egypt	Introduction To Programming of Arduino and Design implementation of electronic circuits Modern Academy
Jun 2017 – Jun 2017 Cairo, Egypt	Principles of Communication And Computing Modern Academy
